**WOOLFSON EYE INSTITUTE SPONSORS THE MARCUS JEWISH COMMUNITY CENTER'S 14<sup>TH</sup> ANNUAL JEWISH FESTIVAL**

**ATLANTA, GA, August 25, 2005** – Woolfson Eye Institute (WEI), the leading provider of LASIK in the Southeast, is pleased to announce its sponsorship of the Marcus Jewish Community Center of Atlanta's (MJCCA) 14<sup>th</sup> annual Jewish Festival to be held on Sunday, August 28 at MJCCA Zaban Park.

"Woolfson Eye Institute is excited to support initiatives that provide an opportunity to make a difference, connect with our community and forge new relationships," stated Dr. Jonathan Woolfson, Founder and Medical Director of WEI.

The Marcus Jewish Community Center of Atlanta is one the largest metropolitan JCC's in the country. Through its many programs, the MJCCA aims to create a positive Jewish environment in which to build and strengthen the quality of Jewish life in Atlanta. However, its diverse activities and services address the needs of the entire community with 75% of its outreach being non-Jewish.

"We are thrilled to have such a prominent and experienced individual as Dr. Woolfson join our cause. Woolfson Eye Institute's contribution helps to sustain many programs that reach out to the greater Atlanta community. We look forward to continued support from WEI in the future," said Joel Gross, Associate Executive Director, Marcus Jewish Community Center of Atlanta.

**About Woolfson Eye Institute**

Headquartered in Atlanta, GA, Woolfson Eye Institute (WEI) is the leading provider of LASIK and referral ophthalmic services in the southeast, with state-of-the-art surgery centers in Georgia, North Carolina, South Carolina and Tennessee. Founded by Jonathan Woolfson, M.D., who is widely acknowledged as a pioneer in LASIK having performed more than 60,000 procedures including those of Atlanta Falcons safety Bryan Scott #24, Olympic Gold Medalist Vanetta Flowers and PGA and Senior PGA Tour veteran Hale Irwin. He's also the first choice of over 300 eye doctors from around the world who chose him to perform their own LASIK.
